Dallas

1450 Regal Row,
Dallas, TX 75247

Our flagship Regal Row location is home to one of our 3T wide-bore magnets, paired with state-of-the-art Air Recon DL software and blanket coils to ensure that the patients are efficiently scanned with as much comfort as possible.

Dallas Services:

- GE 3T with AIR Recon DL MRI
- DTI
- 16-slice CT
- Digital X-RAY
- SWI
- MRA
- CTA

Arlington

1106 W. Arbrook Blvd. #104,
Arlington, TX 76015

Arlington is another facility equipped with a 3T wide-bore magnet that provides the western part of the metroplex with a convenient option for excellent imaging quality.

Arlington Services:

- Siemens 3T MRI
- DTI
- 16-slice CT
- Digital X-RAY
- SWI
- MRA
- CTA

Plano

3801 W. PGBT Hwy. #118,
Plano, TX 75075

Plano is an open 1.2T magnet as compared to a traditional closed MR system; Claustrophobic patients tend to enjoy this type of scanning environment since they are able to see out the sides of the system for most of the scans.

Plano Services:

- Hitachi 1.2T Open MRI
- Weight capacity 650 lbs.
- MRA
- Digital X-RAY

Garland

New Location!

3921 Broadway Blvd,
Garland, TX 75043

Our newest location features the 1.5T wide-bore version of GE's MR, including the same Air Recon DL software and blanket coils as our flagship Dallas location with dually as fast scan times; ensuring that patients are scanned as efficiently and comfortably as possible.

Garland Services:

- GE 1.5T with AIR Recon DL MRI
- DTI
- 16-slice CT
- Digital X-RAY
- SWI
- MRA
- CTA

About Us

DFW MRI is a family run enterprise that has been in the outpatient imaging business since 2002. We make patient comfort and ease a priority, treating our clients like family.
We are committed to delivering cutting-edge technology to meet the evolving demands of the expanding metroplex.
